

# UTILITY AUGER SOLUTIONS

Find the best tool for the job from our five product lines of digger derrick augers. Belltec's Utility Auger Tools are built to perform in the toughest drilling conditions. Recent upgrades include a recessed hub connection for added stability, high-yield center shafts, and heat-treated cast heads and shank plates deliver enhanced strength and durability where it matters most.

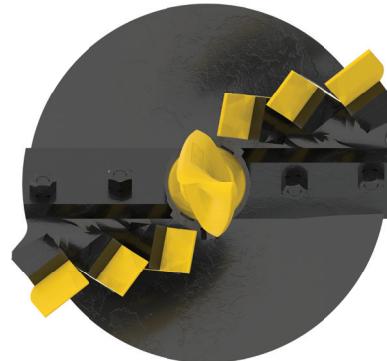

## PRODUCTIVE DRILLING BEGINS WITH PRODUCTIVE OPTIONS

### DIRT AUGER

Digger Derrick Dirt Augers are ideal for drilling in clay, muddy, compacted soils, or soft, fracturable shale. The low-pitched flighting design minimizes plugging and excels at carrying material out of the ground.

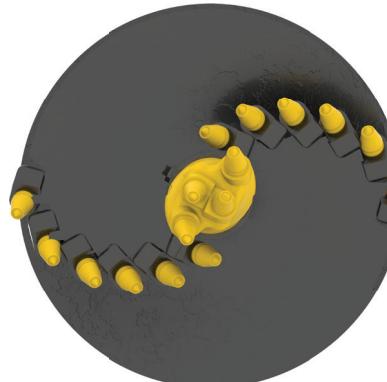

- Double-cut design
- Continuous 3/4-inch thick flighting
- 4-inch diameter auger stem with 3/8-inch wall
- Optional tungsten carbide dirt teeth

### SINGLE ROW ROCK AUGER

Digger Derrick Single Row Rock Augers offer advanced features that optimize rock-crushing performance, enhance durability, and promote a longer service life.

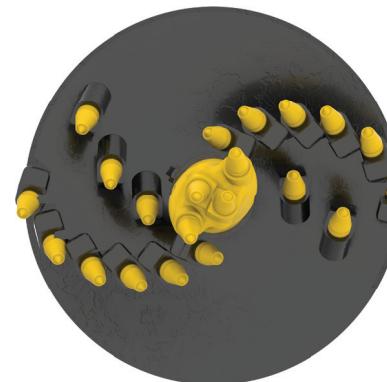

- Double-cut, single-row design
- 1-inch boring head flighting
- 3/4-inch carrier flighting
- 4-inch diameter auger stem with 3/8-inch wall
- Long-lasting C1HD Plus™ Bullet Teeth
- Continuous Stody 121-G hardfacing

### DOUBLE ROW ROCK AUGER

Digger Derrick Double Row Rock Augers offer the same features as Single Row Augers, but with the added benefit of a supplemental row of long-lasting C1HD Plus™ Bullet Teeth.

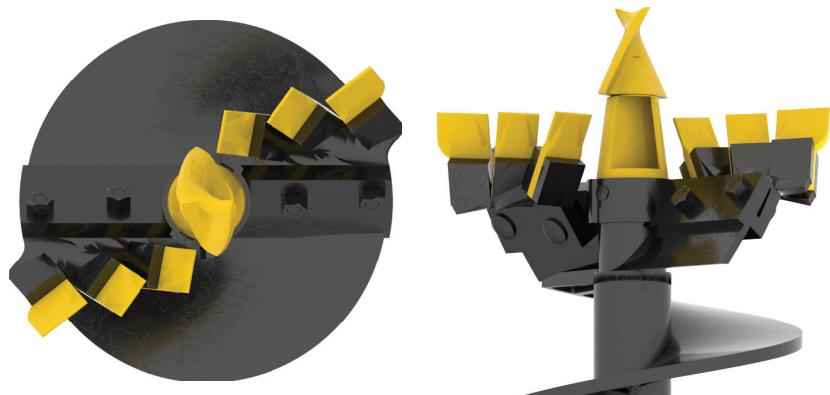

- Double-cut, double-row design
- 1-inch boring head flighting
- 3/4-inch carrier flighting
- 4-inch diameter auger stem with 3/8-inch wall
- Long-lasting C1HD Plus™ Bullet Teeth
- Continuous Stody 121-G hardfacing

## SAND AUGER

Digger Derrick Sand Augers offer dramatic results drilling in troublesome sand or dirt. The low-pitched ribbed flighting is specially designed to efficiently carry loose material and prevent it from sliding off the flighting.

- Double-cut design
- Continuous 3/4-inch thick flighting
- 4-inch diameter auger stem with 3/8-inch wall
- Optional tungsten carbide dirt teeth

## SPIRAL ROCK AUGER

Armed with an aggressive arrangement of C31HD Plus™ Bullet Teeth, Digger Derrick Spiral Augers are your secret weapon for overcoming severe conditions.

- Type-2 spiral design
- 1-inch boring head flighting
- 1/2-inch carrier flighting
- 4-inch diameter auger stem with 3/8-inch wall
- Long-lasting C31HD Plus™ Bullet Teeth
- Continuous Stoody 121-G hardfacing

All Belltec Auger Bits are Proudly manufactured in Belton, Texas, home of Belltec Industries.

Belltec has been manufacturing specialized equipment for the utility drilling industry for over thirty years.

Beyond our standard product lineup, our engineers are ready to collaborate with you to design custom tools tailored to your specific project needs.

Proudly located in Belton, Texas, Belltec Industries has been designing, patenting, and producing innovative construction attachments for the mobile construction and off-highway equipment industry for over thirty years. We pride ourselves on offering products and solutions that will exceed our customers' expectations. We do more than build groundbreaking products; we provide results that ensure our customers get the job done.
